

## THE HERBAL COMFORT PROGRAM SINCE 1992

*Mark Hammer, C.M.H., is a master herbalist - Asian Medicine, trained at the Scientific American Hanyak Institute. Secret formulas were handed*

*down from one master to another (20+ generations), eventually to rest with Mr. Hammer's mentor, George Chun.*

*Before passing on, Dr. Chun requested that he reveal his most treasured formulas. Mr. Hammer began his studies and practice in 1992 and is actively engaged to share on his promise.*

*Currently, Mr. Hammer, looks forward to sharing the medical secrets of Traditional Asian Medicine with the U.S., benefiting both men and women. In particular, he is researching & formulating master herbal formulas that benefit the primary ailments that plague mankind.*

## EVERY YEAR, NEARLY ONE MILLION AMERICANS DIE FROM HEART DISEASE

### Some startling statistics...

- One in five individuals has some form of cardiovascular disease
- Cardiovascular disease is the number one cause of death in the United States... and has been every year since 1919
- One of every 3 deaths in 2018 was due to cardiovascular disease.

## ... AND MORE THAN HALF WERE WOMEN.

Did you know that women have a 50% chance of dying from heart disease or stroke? The risk of a woman dying from cardiovascular disease is nearly twice that of all forms of cancer combined. But, you can do something about it.

**Approximately 42 million women (USA)** suffer from heart disease. (2010)

The medical establishment perceives the heart as a separate organ that requires specialization. But what is forgotten is that all the organs

in the body are related to each other. The heart pumps the blood to support the circulatory system. In turn, the blood supports the other organs and itself. The other organs support the heart. All parts of the body are interdependent. The liver filters (one of many functions) the blood from toxins, which aids all the other organs.

In Asian herbal medicine, the heart, like all organs of the human body, requires blood to maintain itself. Arteries, capillaries and veins support the feeding and cleansing of the heart. When any of these vessels are blocked, then the heart becomes interrupted in its functioning. This can become serious resulting in many heart diseases. Traditional Chinese Medicine (TCM) focuses on opening up the targeted channels revitalizing and harmonizing the heart's function.
